U. S. WORLD FLYERS REACH KIRKWALL THIS AFTERNOON

SPICK AND SPAN AVIATORS HOP OFF ON WAY HOME

LONDON, July 30.—The American round the world fliers arrived at Kirkwall at 4 this afternoon, according to a Central News dispatch.

BROUGH, Eng., July 30.—The American world flight was resumed today, Lieut. Lowell Smith and his comrades taking off for Kirkwall in the Orkney Islands, 450 miles to the northward at 10:30 a. m.

Visibility was somewhat poor but the aviators expected to reach Kirkwall within six and one half hours, flying along the coast via Flamborough Head.

At dawn the three planes, spick and span, for the start of the last long tarns-Atlantic journey, were wheeled to the slip ways and launched on the river. They were supplied with oil and fuel and four hours later were in the air, roaring northward.

A large crawd cheered the departure.

The weathere was calm, in contrast to the rain storms that have hampered the airmen in their final preparations during the past weak.

Before leaving Lieut. Smith thanked the Blackburn company for the use of its airplane plant here and the assistance furnished by its staff. Moorings for the world planes were provided by the plant's employees.

Waiting for the flyers at Kirkwall is Major Howard C. Davidson, air attache of the American Embassy in London. He and Lieut. Smith will consult weather reports from Iceland and Greenland when the aviators arrive. The next "hop" will take the world planes to Iceland.

MEXIA ATTORNEY CLOSES OFFICE FOR LIEUT. GOVERNOR

Hon. Lee P. Pierson is expected to return to his home here within the next few days, after several weeks spent in Dallas where he managed and maintained headquarters for Lieutenant Governor T. W. Davidson in his race for governor.

In closing the office at Dallas, the Mexia attorney said:

"I desire to thank our many friends for their untiring efforts in our fight for the Democracy of Texas. We have fought a clean fight upon a dignified plane commensurate with the lofty office for which Gov. Davidson sought.

"I do not feel that we fought in vain, but fought for a worthy cause and the people of Texas will recognize the great service rendered to the State by the fight that was made for high and lofty ideals of government of law.

"It is still my idea that Gov. T. W. (Whit) Davidson would make Texas a great Governor, that he is a born statesman of the old Jim Hogg caliber and that his ability will eventually be recognized in Texas politics and I predict for him a future of service to the great people of Texas, the greatest State in the Union, for such men are needed and their services should be utilized.

"We have fought a good fight. I am not sorry we made the fight for I entered this campaign with the desire of being of service to my State without selfish motives which is a requisite of good citizenship.

DETROIT, July 30.—Rain this morning brought relief from the hottest spell of the season which reached its climax yesterday when the thermometer climbed to 90 degrees. In spite of the intense heat only one prostration was reported.

Abandoned Her Children to Death in Woods.

MRS. CHARLOTTE DANA.

Mrs. Charlotte Dana, 23, is under arrest in Rochester, N. Y., after confessing that she abandoned her two children to death in the woods near Wolcott. The babies, a boy of three and a half and an infant, were in a serious condition when found and were taken to a hospital in Oswego. Mrs. Dana declared she left the children because she had been threatened by a man with whom she had eloped.

STANFORD AND SPIVEY CLOSE, JUSTICE RACE

Incomplete returns from 10 of the 12 counties comprising the Tenth judicial district given Barcus a clear lead over Randolph, and show that Spivey and Stanford are running neck and neck for the office of associate justice, Tenth court of civil appeals, with a thousand or so votes separating them. The totals so far registered place Stanford at 18,174 and Spivey, 16460.

All the counties in the district except Robertson and Leon have been heard from, although only one, Hamilton, has sent in a complete tabulation.

Evidence of the candidates' standing in the various counties of the district may be observed from the following report, the return being all incomplete except those of Hamilton county:

County—	Spivey	Stanford
Hill	2,883	2,091
Falls	2,850	555
Coryell	717	1,630
Hamilton	1,245	1,130
Bosque	12,00	1,200
Limestone	2,097	1,616
Freestone	1,241	377
Brazos	1,413	801
Madison	1,141	797
McLennan	2,873	6,577

Totals: Spivey 16,460; Stanford 18,174.

WELL KNOWN WRITER DIES IN LOUISIANA

SHREVEPORT, La., July 30.—Mrs. Afifa Karam John, 41, internationally renowned Syrian writer, is dead at her home here today, where she had lived for twenty years.

Mrs. John came to American when a young woman and devoted much time to investigating problems of Syrian women in America. Her fifteen volume "Syrian Women in America" resulted from these studies. She was editor and owner ofthe New World, and also wrote more than 1,000 serial novels published in Syrian publications throughout the world.

RETIRED MILLIONAIRE DIES IN DALLAS TODAY

DALLAS, Texas, July 30—Charles T. Rowan, 80, retired millionaire, died here this morning. He is survived by his widow, two daughters, married, and a son, Albert, now at Leavenworth serving a sentence in connection with the postoffice robbery in Dallas.

Rum Runners Are Sought Following Murder of Agents

WILMINGTON, N. C., July 30.—Posses of 150 men today searched for rum runners believed responsible for the murders of deputy United States Marshall Lilly and Leon George, prohibition agents.

The bodies of the two enforcement officers, riddled with bullets, were found in their automobile near Phoenix last night. Neither had fired his weapon and a dog belonging to George was found shot to death nearby.

Lilly and George had been active in combatting rumrunners and bootleggers along the southwest coast and authorities organized posses of deputies and civilians to search the country side in the belief they were killed while pursuing whiskey peddlers.

Blood Is Shed In Massachusetts Battle With Klan

NORTH LANCASTER, Mass., July 30.—One man was shot, nearly a score injured and several automobiles wrecked in a battle between 200 Klansmen and 500 anti-Klansmen during the night.

Edward Bird, said to be anti-Klansmen, is in a hospital possibly fatally wounded from a gunshot. Others were not seriously hurt.

A Klan meeting being held in a large field near the highway was breaking up when a crowd collected. Sticks, stones began to fly, and a gun was fired. It was this shot that wounded Bird.

Police were unable to quell the fighting and assistance was called from many near by towns.

STATE ATTEMPTS TO FORESTALL SCIENCE TESTIMONY IN CASE

CHICAGO, July 30.—States Attorney Crowe and his staff assistants made a vigorous effort today to prevent the admission of the long awaited "medical defense" of Nathan Leopold and Richard Loeb, confessed murderers of Robert Franks. There was a bitter fight between states attorneys and Clarence Darrow and other defense lawyers opened as soon as court convened, temporarily blocking the presentation of defense testimony. Dr. William White of Washington, D. C., was called to the stand as the first to testify for the defense. Crowe immediately interrupted the questioning and demanded that the court either exclude the medical testimony or impanel a jury to try the question of insantity.

BRAZOS COUNTY PRIMARY RETURNS

BRYAN, July 30.—In the election in Brazos County Saturday, the following were re-elected without opposition: H. O. Ferguson, county judge; C. F. Goen, tax assessor; D. J. McDonald, county superintendent; Oak McKenzie, county attorney; J. W. Barron, district clerk. The following will be in the run-off in the offices that were contested: Sheriff, Jess Conlee and Roy Hudspeth. Tax collector, Mrs. Jack T. Johnson and J. M. Ferguson. In the race for county clerk, A. S. McSwain was re elected over Prof. J. L. Cobb by a safe majority.

SOW IS CHAMPION

DANIELSON, Conn., July 30.—A white Chester sow here is advanced as a champion in her class because she has raised 105 pigs and has turned two acres of stony land into productive property, all in a short time, for the sow is but six years old this Summer.

ROBERTSON LEADS IN NAVARRO ELECTIONS

Complete official returns of Navarro County indicate that in the elections of Saturday, Felix D. Robertson headed the nine way contest with a total of 2,235 votes. Mrs. Ferguson ran second with 1,772 and Lynch Davidson third with 1,646.

WARNING ISSUED TO CATTLEMEN TO PREVENT SPREAD

AUSTIN, Texas, July 30.—An out break of anthrax in southeast Texas is reported today by Dr. Cloud, state veterinarian. It is said to be growing serious and a warning was issued that every precaution be taken to prevent a further spread of the disease, which is taking a heavy toll of human and animal life in Arkansas, Tennessee and Mississippi. The affected areas in Texas include Orange, Hardin, Jefferson and Liberty counties. The spread is very rapid.

SCIENCE STARTS WORK TO FREE CULPRITS OF BLAME

CHICAGO, Ill., July 30.—Medical science today started the task of slackening the rope drawn about the necks of Richard Loeb and Nathan F. Leopold Jr., for the murder of Robert Franks, 14 year old school boy.

Clarence Darrow, chief defense counsel is staking the testimony of defense alienists against the approximately 100 witnesses produced by the state to contest what State's Attorney Crowe terms a "perfect hanging case" at the hearing before Chief Justice John R. Caverly.

Darrow will support his material testimony with the testimony of more than a score of lay witnesses, the plans calling for the appearance of the parents, brothers and friends of the boys and possibly the boys themselves.

Darrow and his alienists have decided to shun testimony showing the boys are totally insane. Proof of insanity would mean that the pleas of guilty as to murder are illegal, as no insane person can plead guilty. Darrow and his alienists will make an effort to prove the boys are not wholly responsible for the crime.

The first defense alienist scheduled to take the stand at this morning's session is Dr. William A. White of Washington, D. C. Dr. White has made an exhaustive study of the sex life of the two defendants and will trace its influence from early youth to the present time. Other defense alienists on the list are Dr. James W. Hall of Chicago; Dr. William Healy of Boston; Dr. William J. Hickson.

Crowe has served notice on the defense that any attempt to show the boys insane will be met by the state with a demand that a jury pass on their mental status. Crowe takes the position that if these boys are sane, they should hang; if they are insane, they should go to an asylum for the criminally insane. Crowe said that sentence to life imprisonment desired by the defense, would be "only a half way measure."

At a conference of state attorneys last night, it was decided to put no more witnesses on the stand and therefore the defense case is expected to open soon after court convenes.

Impeached Governor Delivers Address To Tulsa Throngs

TULSA, Oklahoma, July 30.—Jack Walton, impeached governor, invaded Tulsa, the stronghold of his arch enemy, the Ku Klux Klan, last night. Six thousand persons turned out to hear him at the McNulty ball park. His speech was mainly an arraignment of the Klan. One egg was hurled but missed its mark. An extra police detail maintained order

Sensational Rise In Wheat Market Reported In July

LONDON, July 30.—Sensational rises in the wheat market in the United States have been followed by equal increases in the price of wheat and flour in England.

Flour in English market has jumped ten shillings a sack since July 1 and a total of 17 shillings since May, causing apprehension throughout the country.

The standard four pound British loaf, already increased from the old eight penny price, will jump to ten pence next Monday.

To the English farmer wheat growing is profitable for the first time since the war but to the great majority of the population—the wage earners—the high price of bread means only added strain on the family budget.

Misrepresentation By Officials Brings About Their Suspens'n

KANSAS CITY, July 30.—George E. Marcy, Chicago, head of the Armour Grain company, was suspended for 60 days and W. B. Lincoln, local manager of the company was suspended for ten days by members of the board of trade here for alleged misrepresentation of warehouse receipts.

It was charged warehouse receipts were re-written calling for higher grades of wheat than those actually held in the elevator. The difference in value of the grain was estimated between $40,000 and $50,000.

Both officials were cited to appear before the directors of the board.

Lincoln declared the company did not knowingly violate any rules of the exchange.

642,278 BALLOTS COUNTED WITH ABOUT 50,000 YET OUT

DALLAS, Texas, July 30.—The Texas Election Bureau figures at 11:30 for governor were:

Ferguson, 132,292.
Lynch Davidson, 128,539.
Robertson, 178,999.
Total vote counted, 642,278.

DALLAS, Texas, July 30.—Little change was shown early today in the tabulation of 632,494 votes out of a possible 700,000 cast in Saturday's Democratic primary in the gubernatorial race.

Mrs. Miriam A. Ferguson, wife of the impeached Governor, continues to hold her lead of around 3,000 votes over Lynch Davidson, of Houston, for a place on the run-off primary next month. These two have see-sawed back and forth for second place since first returns trickled in, and it will require afull count of the ballots to determine the opponent for Judge Felix D. Robertson, Ku Klux Klan candidate who led the field of nine gubernatorial candidates, to enter the second primary.

Senator Morris Sheppard has been nominated for another six year term, holding a clear majority over two opponents, which is equivalent to election in Texas where the Democrats hold sway at the polls.

Judge Barry Miller, of Dallas and Will C. Edwards, Denton newspaper publisher have been nominated for places on the ballot in the run-off for lieutenant-governor.

HOUSTON PAPERS CONSOLIDATE UNDER NEW HEAD

HOUSTON, July 30.—Announcement of the consolidation of the Houston Post and Dispatch under the name of the Houston Post-Dispatch, appeared today. W. P. Hobby was elected president of the Houston Printing Company, succeeding Roy G. Watson. The amount involved in the stock transfer is $1,150,000.

SOME FOLKS ARE NATURAL "MURDEREES," HER THEORY

LONDON, July 30.—"There seems to be a race of human beings who lay themselves out to be murdered—they are, to coin a word, 'murderees'."

This strikingly original point of view is put forward by Miss Tennyson Jesse in a book she has just published on "Murder and Its Motives." She advances the theory that "when the laws of attraction and repulsion are more fully understood than they are at present it will be discovered that murderers and 'murderees' send out wave-lengths that correspond as do the wave-lengths of wireless between two stations."

Miss Jesse divides the motives for murder into six classes:

Murder for gain.
Murder for revenge.
Murder for elimination.
Murder from jealousy.
Murder from lust for killing.
Murder from conviction.

FERGUSON FIRST IN OIL FIELD BOXES

Mrs. Miriam Ferguson led the voting Saturday at Currie. She received 31 votes, while Felix Robertson ran second with 20 votes, and Lynch Davidson received 6. At Richland, Mrs. Ferguson was first with 63 votes, Lynch Davidson, second, with 48 votes and Felix Robertson, third, with 30. At Mildred, Mrs. Ferguson was first with 45 votes and Felix Robertson second with 39, while T. W. and Lynch Davidson tied with 14 votes for third place.

Dub Tournament Draws Big Crowd At Golf Course

"The Dub Tournament" at the Mexia Country club golf course Tuesday was the biggest drawing card yet known to the links, south of town about two miles on the Shiloh road.

The largest crowd that has yet met at the club grounds assembled to witness the contest in which nine teams participated.

With the eyes of the crowd focused on the same ball at the same time, the Dubs were seldom able to do themselves justice in making the first drive around the course. However, each improved steadily in making the round and some splendid scores were turned in.

In fact the showing made by several was little short of wonderful, considering the fact that the course has been completed only about two months and many participants had never played the game until it began to grow in popularity here.

The tournament started off on schedule time at 4 o'clock with 36 participants, divided into nine teams, with charming scorekeepers from the ladies present lending to the spectacular gathering.

Mayor Ernest Watson excelled all others, the score indicated, and he was accorded first place and the accompanying prize, making the course in 48.

Doyle Harris followed with 49, falling below the Mayor by one shot.

Gene Sinclair took a 47, with a three point handicap added, making a 50 for third place.

The first prize was a pair of Bostonian "Canny Grip" golf shoes awarded by Karner-Phillips.

The second prize was a choice of a $7.50 golf club or bag, given by Anderson and Horn.

The third prize, awarded by V. Wolverton, was one dozen U. S. Royal golf balls.

The winner of the matches are:

No. 1—Johnny Gantz, with a 59 (handicap 7) net 46.

No. 2—John Sweatt with a 56 (handicap 5) net 51.

No. 3—Estol Everett with a 55 (handicap 2) net 53.

No. 4—John Neece, 52.

No. 5—Doyle Harris, 49.

No. 6—Mayor Watson, 48.

No. 7—O. S. Caldwell, 51.

No. 8—John Sanders, 54.

No. 9—John Phillips, 54.

The scorekeepers were:

1—Mrs. J. W. Elliott, Miss Lelia Conrad.

2—Mrs. Val Horn, Mrs. W. M. White, Jr.

3—Mrs. Tevis Morrow.

4—Miss Teresa Ellis, Mrs. John Neece.

5—Mrs. B. D. Jackson, Beaumont.

6—Mrs. Ben Howard.

7—Miss Francis Bass, Mrs. Emil Nussbaum.

8—Mrs. E. T. Measles, Mrs. Phillips, Miss Jessie Earl Anderson.

9—Miss Shelly Harper.

The handicap players deserve special mention, as all that had shot below a 54 in former games were handicaped all under 54 that they had shot. The reason for this was that in the Dub match so that the players would be more evenly matched and make the contests keen.

Players shooting under these handicaps: Johnny Gantz, 7; C. E. Roberts, 5; W. B. Kendrick, 5; I. Y. Keys, 5; John Sweatt, 5; Willie Mac White, 5; Allen Hatch, 6; J. W. Elliott, 1; Blake Forrest, 2; Dr. McKinzie, 3; T. T. Morrow, 3; Val Horn, 2; Harry Forrest, 1; Estol Everett, 2; Gene Sinclair, 3.

Cupid doesn't always win a prize when he hits the bull's eye.

FAMOUS FRENCH RECIPES

PARIS, July 30.—A well-known French chef has just published a new recipe for mayonnaise dressing that is much superior to the one he has been using for ten or fifteen years.

It is exceedingly simple to make, the main point, he says, being not to salt the yolks of the eggs at the beginning of the operation.

For eight persons put the yolks of three eggs into a bowl and pour in the oil, beating vigorously in order to mix well. If the sauce begins to thicken thin it with a little wine vinegar or lemon juice and recommence with the oil until three gills have been used.

Season with salt and pepper, and if it is still too thick add a drop of water if enough vinegar has been used.

This recipe is so simple it is sure to succeed if the oil is of good quality.

Probably most people think you are as foolish as you think they are.

DEMONSTRATION TO MARK CLOSE OF BIBLE SCHOOL

The closing demonstration of the Daily Vacation Bible School will be held Friday Evening at the Central Presbyterian church, at 8:15 p. m. At that time an opportunity will be be afforded for parents and friends to see just what one of these schools is like. The program itself will follow as nearly as possible a regular school day. Songs, drills, a pageant, stories, dramatization Bible Work, and exhibition of sewing and craft work will be given.

Report cards will be given showing credit for the work done during the school. A picnic will be held for the girls and primary children who have been faithful in attendance, at the Hughes Park Saturday afternoon. An over night hike will be given the boys Monday.

Rev. Aubrey, superintendent of the school states that the children have done splendid work for the first year. The Daily Vacation Bible school is something new for Mexia and the children entered the school without understanding just what it was. But they have done splendid work under the faithful guidance of the teachers. Next year it is the desire to have a much larger and better school beginning immediately following the closing of the public school.

When anything happens to a married man his wife always remembers that she told him so.

YOU HATE TO LOOK AT A PIMPLY FACE

There is perhaps nothing more distressing to people who are bothered with them, and surely nothing as displeasing to others who see them, as pimples, blotches, bumps, rash, scrofula, eczema, "breaking out" and similar skin disfigurers.

But now that Black and White Ointment, and Soap, are proving to be so dependable in quickly getting rid of these diseases of the skin, it seems foolish for people to neglect using them and making themselves attractive to others instead of being slighted all the time.

All dealers have Black and White Ointment, and Soap, in the convenient, low-priced, liberal packages. The 50c size Ointment contains three times as much as the liberal 25c size. —(Adv.)

Indian Bananas This Author's Specialty

WILLIAM MacHarg, author of novels, and well known magazine and photoplay writer, has turned his attention for a moment to the common or garden banana, which he feels has been neglected by culinary artists. Mr. MacHarg has evolved this Indian Banana recipe, which is so simple that it is quite possible of achievement by even the most inexpert male—or female, and so full of pep, not to say pepper, that it is guaranteed to improve the morale of any gathering.

2 tablespoonfuls Crisco
½ teaspoonful Salt
8 Bananas
1 teaspoonful Chopped Pickle
A few grains red pepper or 1 dessertspoonful chopped chilies.

Slice the bananas, mix with salt, chopped pickles and red pepper or chopped chilies, and put them in hot Crisco. Cook for four minutes and serve.

And Why Shouldn't They Want a Home?

DALLAS, Texas, July 30.—Young married couples are the best prospects for real estate salesmen, the salesmen say. Newly weds usually arrange payments on a house before they have been married a year, according to one veteran "realtor." But it is a rare occurence to sell a house for cash, he says. Most buyers must have a considerable length of time in which to make the payments.

People rarely invest in their own homes after the age of forty, he says. It's the young people who buy, and they are willing to make almost any kind of a sacrifice to keep up the payments on the coveted house and lot.

One man invested in three lots because he said he would spend the money drinking and gambling if he didn't have it tied up.

Northern people demand concrete basements and furnaces, this old-timer declares. "And everybody wantsa fence, a fireplace, a garage, and a cement walk."

THE FRENCH BUDGET

In the farming of the French budget unconscious self-deception will no longer be possible. The idea of contingent receipts from Germany must be replaced by a definite program which no prudent Winance Minister could transcend. The credit of France in relation to overchanging obligations can be placed on a definite basis. The recently evince disposition of the French to tax themselves adequately (in practice as distinct from theory,) though it is a resolution that has evaporated somewhat with the passing away of a panic-stricken or pride-touched feeling which arose through the slump in the franc, will be put to the true test of events, and we shall see whether the French are in earnest in the taxation problem. We may be in a position to see what is the real long-run value of the franc, which at present is not determinable. Certain it is that at last the French provincial peasant is awake to the fact that the franc is no longer a franc in the sense to which he has been pathetically clinging, and that a very considerable part of his past savings has actually gone and has been devoted to avoiding that unemployment which besets other standing army than others can afford.

KILL 1600 CATS

CARLSBAD, Czecho-Slovakia, July 30.—Because two mad cats had bitten two persons the local authorities of Budweis ordered all the cats in the town, 1600 in number to be destroyed. The action has aroused widespread protest.

THE STATE OF TEXAS

To the Sheriff of any Constable of Limestone County,—Greeting:

You are hereby commanded to summon Wm. R. Ray by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to be and appear at the next regular term of the District Court, 77th Judicial District, of Limestone County, Texas, to be holden at the Courthouse thereof, in Groesbeck, Texas, on the first Monday in September, A. D., 1924, the same being the first day of said month, then and there to answer a petition filed in said court on the 29th day of July, A. D. 1924, in a suit numbered on the docket of said court No. 4695A, wherein Mrs. Wm. R. Ray is plaintiff and Wm. R. Ray is defendant, and said petition alleging: That plaintiff is and has been for a period of twelve months prior to the institution of this suit an actual bona fide inhabitant of the State of Texas, and has resided in Limestone County, Texas, for at least six months next preceding the filing of this suit; that plaintiff and defendant were married on October 24th, 1923, and lived together as husband and wife until about December 1, 1923, when plaintiff was forced and compelled to leave defendant by reason of defendant's cruel and harsh treatment and inmproper conduct towards plaintiff; that during the time plaintiff and defendant lived together plaintiff was an ever dutiful and affectionate wife, but defendant, unmindful of his marital vows, and within three days after their marriage, began a course of unkind, harsh, cruel, and tyrannical treatment of plaintiff; that defendant stayed drunk practically all the time and constantly abused plaintiff; that on many occasions said defendant cursed and abused plaintiff and applied to her the vilest and most opprobious epithets, without any cause or provocation on plaintiff's part; that defendant often beat and hit plaintiff, twisted her arm, shook her severly, and struck her with his fist; that defendant's actions and conduct towards plaintiff are of such a nature as to render their further living together as husband and wife insupportable. Plaintiff prays that defendant be cited by publication and alleges that his residence is unknown to plaintiff; plaintiff prays for a divorce from defendant and that their marriage be dissolved; that her maiden name be restored and for costs of suit and for such other and further relief, special and general, in law and in equity as in the premises she may be justly entitled.

Herein fail not, and have before said court at its aforesaid next regular term, this Writ with your return thereon, showing how you have executed the same.

Given under my official hand and seal of said Court, at my office in Groesbeck, Texas, this 29th day of July, A. D. 1924.

1,2,3,4,5 Years—Still a Young Car

The Willys-Knight is a car you can keep and enjoy for years. A touring car with all the thrill of 42 horsepower—a car you can drive 50 miles and more an hour, *hour* after *hour*—without over-heating—without loss of power—without engine trouble—without carbon cleaning—without ever needing valve grinding.

The Willys-Knight sleeve-valve engine is the most powerful engine of its size ever built—and the quietest—and the only type of engine in the world that actually *improves with use.* It is common for Willys-Knight owners to report 50,000 miles and more without spending a cent for repairs on the engine.

CENSUS WORTH COST.

Every ten years our government spends millions of dollars to take a census of the people and what they are doing. It is a costly undertaking, but it is worth more than it costs, writes "Electric Trade."

Important conclusions are gleaned from the figures gathered because the data is accurate and scientific. These facts become a basis for remedial legislation and for various movements for the uplift of the nation and the race.

Seven-eighths of all the money left by married men in America for their dependents is derived from life insurance.

Eighty-two per cent of the value of the combustible property is insured against fire, but only—

Seven per cent of the economic value of human life is covered by insurance.

Ninety per cent of the men engaged in active business fail to reach old age with a competence.

Nineteen out of every twenty persons fail to provide for their old age or for their families.

With the result that—

Eight million women are forced to earn a living.

Thirty five per cent of the widows are in want.

Ninety per cent of American widowhood lacks life's common comforts.

Eighty-two per cent of the children of the country are forced to leave school before completing the eighth grade to aid in making a living for the family.

A DIFFERENT SITUATION.

The Democratic party of Texas, as well as of the states of the American Union, are face to face this campaign with a different situation than that which they confronted in 1920. That year, the Republican party held its convention prior to that of the Democrats in San Francisco. The Republicans failed to say anything on the prohibition question in their platform and the Democrats thought it unwise, in view of this attitude, to inject the prohibition issue in the campaign. This year the Republicans again met first. The prohibition question has been raised ever since they met. The question has been submitted directly to the people of all the States, whether one would have it that way or not. The Republicans, in the convention at Cleveland a few weeks ago, added a plank to their platform in favor of law enforcement, of the prohibition law as well as all other laws. In view of this act, it behooves the State Democratic Party of Texas, in their State Convention to be held in Austin to take a stand at least as firmly on the Constitution on this point as the Republicans boast of. Silence upon the part of the Democrats now would bring the liquor question into the campaign and put the Democrats of the State on the wet side. The Republican plank may be regarded as the minimum; the Democrats dare not fall below that. At Groesbeck next Saturday, the issue should be met squarely and acted on as Dry Progressive Democrats should act prior to a most important State convention in a presidential election year.

A STEP FORWARD

The paved street leading to the Mexia cemetery will be open to the public within a few days. It will be found to be a vast improvement over the rough road heretofore used and now that this step in the right direction has been made, it would not be amiss to do a little work on the cemetery itself. The cemetery is growing rapidly and it will not be long until all lots are sold. In the meantime preparations should be made for its expansion and upkeep, in a better way even than heretofore. The cemetery should have a distinguishing name other than merely the Mexia cemetery. Since the beginning of the world, it has been the recognized duty of man to reverence the dead, to give appropriate expression to his sincere affection and fidelity, by providing a suitable resting place for them, according to the custom of the times. It is a comforting thought, as far as consolation is possible, to know that one has done all he can to make the last abode of those who have gone before beautiful and soothing to the eye of the living who come to reverence their memory. Just as nations honor their illustrious dead by providing an enduring monument so that their names may be perpetuated for all time, it is now possible and becoming of a good people to do as much for your own beloved dead and at very little cost to anyone.

HOW OLD IS ANN?

DALLAS, Texas, July 30—Christine Gray, 11 years old, has the distinction of being a great aunt.

She has a two weeks old great nephew, the son of Mr. and Mrs. Walbaum of Dallas. Mrs. Walbaum, who is twenty years old, is Christine's niece by virtue of being the daughter of Christine's elder sister, Mrs. J. W. Phillips of Texarkana.

The baby's great grandmother is Mrs. Tom Gray, 57, who has reared eight children and has 22 grand children.

Nearly Half Students Work Their Way Thru

AUSTIN, Texas, July 30.—Forty-six per cent of the students of the University of Texas were either partially or entirely self-supporting last year, and just as many expect to work their way through next year, judging from the deluge of letters asking for work now being received by the University YMCA. Statistics recently compiled by authorities show that 113 permanent jobs were secured through that office last year, earning for the boys employed $15,029.40. In addition there were 680 jobs secured for 794 boys, earning for them $3,587.30. These figures represent only a part of the work done by students, however, for after the first year most boys are able to secure work for themselves and in many cases have their places for the next fall before they gohome in the spring. Many girls secure work through the YWCA and through their own initiative.

Twenty-two per cent of the 46 working last year were partially self-supporting, and 24 per cent were entirely self-supporting. Some even assisted members of their families in school or sent money home. In spite of the encouraging number of students working their way through school, new students are not advised to come to the University without at least $200 to enter school. It is thought that they should have that much to pay their first month's room and board, to buy books and to pay matriculation fees, until they are able to get started to work. It is often advisable for students to get well established in their University courses before they attempt to do outside work

'49ER SEEKS RICH MINE HE SPURNED IN YOUTH

SANTA MARIA, July 29.—Said to be the oldest known prospector John Lancaster, ninety, an original "49er" is today searching for the El Dorado, traces of which he accidentally found twenty five years ago in the Big Pine county, and which because of his then youthful wanderlust, he did not take the trouble to discover.

Today, with a golden sample of the quartz, experts claim, assays hundreds of dollars to the ton, Lancaster is hiking, with three burros, across the San Rafael Mountains in search of his fortune.

Some 400,000 persons live crowded together in boats on the Pearl river at Canton, China.

"Because" is Eve's legacy to her daughters as an excuse for the inexcusable.

FEVERISH? FEEL A CHILL COMING ON? ACT AT ONCE!

Don't Let Malaria Get a Grip On You. Prompt Treatment Will Save Much Suffering. Take Wintersmith's Chill Tonic At First Sign.

No matter how long you have been having Chills or how prone your system is to them, you can get prompt relief and drive Malaria out of your system.

At the first sign of Chill or Fever, get a bottle of Wintersmith's Chill Tonic and follow directions plainly printed on the label. After two or three doses the Chills have usually passed. In a day or so, by taking Wintersmith's Chill Tonic at once, you may stop a long spell of Fever and avoid the suffering and run-down condition caused by Malaria. In cases of long standing Wintersmith's Chill Tonic is unusually effective in breaking up such cases where other remedies fail.

Wintersmith's Chill Tonic kills the malaria germ and prevents infection. Safe for any member of the family, young or old. It is a fine, harmless general tonic, for use after any wasting illness, when the impoverished blood needs to be enriched and strength builded up; to be taken only when needed and left off, without any bad results, when its work is done. Prepared under the same formula for 56 years. Quality and purity guaranteed. All drug stores. Popular size 60c; mammoth size, $1. Wintersmith Chemical Co., Inc. Louisville, Kentucky.

To the People of Mexia and Surrounding Country:

I am using this method of thanking each and every one for the excellent vote given me last Saturday. During the time I have been in the County Clerk's Office I have given, as near as possible, my own personal attention to all items coming to the office and I believe that my work has been reasonably satisfactory and I believe that you agree with me.

For the last two weeks I have had to neglect my office to a certain extent but from now on I can give my own time to my duties and I will be glad to serve you in the future, more efficiently if possible than I have in the past. It is a real pleasure to be your County Clerk and I invite you at all times to confer with me about matters in which I can be of assistance.

Again thanking you and assuring you that words cannot express my feelings, I am

Very truly yours,

J. L. DAY
County Clerk.

Judge Kirby Thanks Friends

I feel indeed grateful to my loyal friends who gave me such warm support at the polls last Saturday all of which I am thankful, having conducted my campaign upon a high level, not stooping to cast mud on any of my opponents nor have either of them, so far as I am able to learn, cast any on me and while this statement is true, the opposition to me supporting one of my opponents have sought to not only cast mud at me, but have sought to cast reflection upon my good name, and I here and now ask my friends to refrain from adopting the tactics of the enemy but rally to my platform and principles for which I stand, and leave all bickerings and hateful methods to those who can only conduct their campaigns by such methods.

Hot Air Is Much Cheaper Than That

DALLAS, Texas, July 30.—Air cooling machinery recently installed in a local theatre looks simple, but it isn't, according to the manager.

First it takes the air from the sidewalk level, directly above the basement.

Then it washes the air and cools it to a temperature of 57.

Then it whirls the air to the top of the theatre, where the cool air pours down over the audience, escaping into the basement and out into the street.

The cost of the installation averages $27 for each seat.

U. S. BUSINESS EAGER TO SELL GOODS ABROAD.

WASHINGTON, July 30.—The growing interest of American business men in export trade is reflected in the fact that during July the Department of Commerce received more than 125,000 inquires regarding foreign trade openings.

Business men, both those of the inland cities and others of the Pacific, Atlantic and Gulf coast, indicated their desire to find an outlet for their goods abroad.

In 1921, when the first records of commercial inquiries were kept, about 30,000 letters were received by the department. The figure grew rapidly, having reached a maximum of 131,100 inquiries in May of this year.

Officials said that they expected the indicator of inquiries to start up again within a few months.

COPS ARE BLAMED FOR TYING UP THE TRAFFIC

ALBUQUERQUE, July 30.—The credit for local traffic tie-ups in many instances goes to the traffic cops on the police force, according to Commissioner D. H. Briggs.

Albuquerque's traffic officers stand on the corner and gesture. Motorists are unable to solve the directions. Traffic tangles result, Briggs stated at a recent commission meeting.

The walls of the new Houx building adjoining the Majestic hotel on the north, are now going up, and work on this extension of the business district will be pushed as rapidly as possible.

FEELS IT HIS DUTY TO TELL THE FACTS

"Tanlac has meant so much to me in the way of improved health that I feel it a duty, as well as a pleasure, to recommend it," is the appreciative statement of J. M. Freeman, well know resident of 307 Camden St., San Antonio, Texas.

"About a year ago my stomach and digestion got all out of fix and I soon became badly run-down. My appetite went back on me and the little I did eat failed to nourish me. Constipation troubled me nearly all the time and I also had bilious spells and attacks of dizziness.

"My sleep was unsound and I got up mornings with a mean, sickening taste in my mouth and a dull headache that lasted me almost thru the day. I lost considerable weight and that tired, draggy feeling was on me all the time.

"After a few days use of Tanlac I noticed a marked improvement in my appetite, digestion and general condition. So I took four bottles and by that time I was eating as heartily as I ever did and digesting everything fine.

"My liver went to work right, my headaches stopped and I was able to sleep like a log. I had gone down to only 143 pounds, but I am now a strong man of 215 pounds, and my health is the best it has been in years. A friend of mine took four bottles of Tanlac at the same time I did and got fine results, too. As a builder of health and strength Tanlac is certainly without an equal."

Tanlac is for sale by all good druggists. Accept No Substitutes. Over 40 million bottles sold.

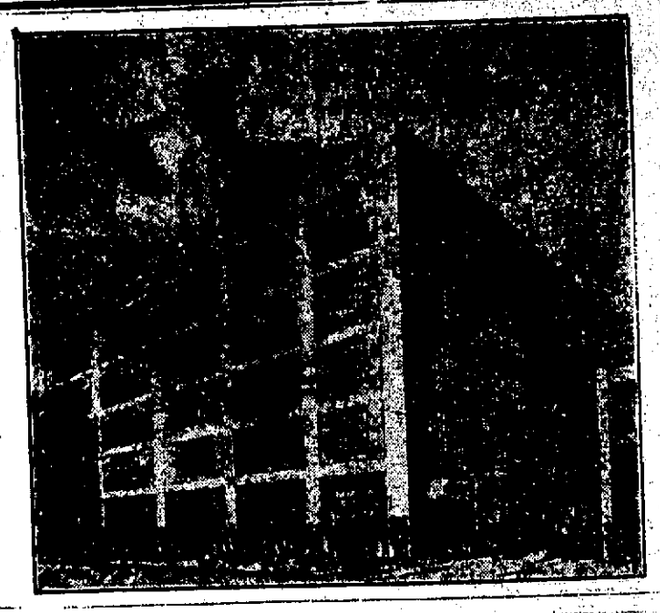
CHEAK NEAL HAS EXPERIENCED MARVELOUS GROWTH



Another new Maxwell House Coffee plant—the sixth—is now in course of construction in Los Angeles, Cal., and will be ready for occupancy about the first of the year. This step, which is in line with the Cheek-Neal Company's general progressive policy of locating plants at strategic centers as distribution is developed, is the latest and most spectacular of the many forward strides taken by this company within the past few years.

Starting with the original plant at Nashville, Tenn., only a comparatively few years ago, the Cheek-Neal Company now in addition has already established most modern and up-to-date coffee roasting and packing plants at Houston, Texas, Jacksonville, Fla., Richmond, Va., and New York City. The completion of the Los Angeles plant will give the company a cross-country chain of establishments that is without parallel in the coffee business in this country.

Mr. James H. Cheek, one of the sons of Mr. Joel O. Cheek, founder of the business and still its active directing head, who has been in charge of the Richmond plant since its establishment, will go to Los Angeles and be in personal charge there.

The new plant is located at the corner of Fourth and Mateo streets, on the Southern Pacific Railroad and adjacent to large terminals. Its location provides the very best possible shipping facilities. The structure is to measure 105 feet by 105 feet, to be five stories in height and built of concrete, steel and brick. From every standpoint it is to be the very last word in coffee plants. All that has been found good from experience at the older plants will be adopted as will also whatever other later devices that may prove to be of advantage.

At the start there will be roasting and packing equipment sufficient to take care of orders amounting to 25,000 pounds of Maxwell House Coffee a day, and also complete equipment for cleaning and packing tea. Ample provision is being made in the construction to double the capacity of the plant at any time it is needed.

The decision to invade the Far West was made several months ago following the continually increasing inquiries from Pacific Coast jobbers and dealers about Maxwell House products. During recent months these became so urgent that it was felt impossible longer to neglect the fact of a great and growing demand in the rich territory of the Pacific Slope. After a personal study of conditions there, made by Mr. Joel O. Cheek, Mr. J.W. Neal, Mr. L. T. Cheek and Mr. J. H. Cheek, the determination was reached to go ahead and the contract for building was let and all arrangements made to push construction with all possible dispatch while they were yet on the coast.

The Cheek-Neal Coffee Company has long been a firm believer in and consistent user of advertising. They regularly use many of the leading national magazines, hundreds of newspapers, billboard, car cards and many other forms of publicity. Their slogan, "Good to the Last Drop" has become one of the best known advertising slogans in the country.

New Electric Line To Be Built Soon

HOUSTON, Texas, July 30.—All obstacles have finally been cleared away, and work is to begin soon on the Houston-Beaumont Electric line according to officials of the company. All of the $5,000,000 bond issue was taken by the S. P. Thayer and Son company, an investment company of Washington, D. C., and Pittsburgh. The J. D. Davis Co. of Atlanta, Ga., has made a $50,000 bond under its contract for building the road, which is to be completed in fifteen months, dated to begin July 20. The line is first to be completed to Orange, and then probably extended to Lake Charles, La., according to plans of Ed Kennedy, promoter and general manager of the road.

82 miles of the right of way to Beaumont has been acquired, and only a few short stretches remain to be secured, Kennedy said.

The company also owns title to six townsites along the right of way. The project has been planned for months, but one obstacle after another intervened to delay the work of financing.

Now, Kennedy said, things are in shape to get down to real construction work in a hurry.

BLOOD-POISONING CURE DYES FACE OF PATIENT

SAN FRANCISCO, July 30.—If you see a person walking down the street with a black, tan, purple, or some other unusual facial color, he isn't trying to break into the movies, according to Dr. C. C. Berwick.

It's a plain dye now beginning to be used generally by physicians as a cure for blood-poisoning, for which until a few months ago, the medical profession had no definite cure.

Coal tar dyes form the basis of the treatment, which came to the Pacific Coast following successful experiments at John Hopkins University, Baltimore, Md.

The dyes are injected into the blood killing the germs and coloring the patient's features at the same time.

FAMOUS FRENCH RECIPES

Cheese Matches.

PARIS, July 30.—"Cheese matches" are for five o'clock tea time.

Mix one half a pound of flour with one half a glass of water until it makes a thin paste. Powder a marble slab with flour and spread out the paste without breaking it.

Cream a large cupful of butter and spread it on the crust. Fold up in a little paquet and let stand for twenty minutes. Work twice and let stand another ten minutes. Work again and let stand, and so on for seven times. Spread out the paste very thin and cut into small strips.

With one spoonful of flour, a large piece of butter, a little milk and one-eighth pound of grated cheese make a good Bechamel sauce. Spread between two strips of the crust and bake in a large pan in a moderate oven.

The oldest bottle of wine in the world, as far as authenticated record can settle this question, is in the possession of a London wine expert. It is a bottle of Bavarian hock, which bears on its label the date 1540.

A Southern plant breeder has greatly increased the production of a cotton plant by grafting it to the roots of a mulberry tree.

AN ORDINANCE

AN ORDINANCE ordering an election in the City of Mexia, Texas, to be held on the 12 day of August 1924, for the purpose of electing two persons to serve as members of the City Commission up to the first Tuesday in April, 1925, as provided by the Charter of the City of Mexia designating the place at which said election is to be held and appointing presiding officers thereof, and declaring an emergency.

WHEREAS, on the 7th day of July, 1924, there was submitted to the qualified voters of the said City of Mexia at an election, the Charter that was prepared and submitted by the Charter Commission which was elected on the 21st day of March, 1924, and at such election a majority of the qualified voters voting at said election voted in favor of the adoption of the Charter so submitted and,

WHEREAS, said election was duly and legally held on the 7th day of July, 1924, and said results of said election duly certified and recorded by the presiding election officers; and

WHEREAS, on the 10th day of July, 1924, the City Commission considered the returns and canvassed the same, and found that there were cast at said election 479 votes for the adoption of the Charter and 341 votes against the adoption of the Charter; and the Commission thereupon by resolution duly entered declared that the Charter so submitted was adopted by majority vote of the qualified voters of said City voting at said election; and

WHEREAS, the Charter adopted provided that there should be elected two addtional members of the City Commission to hold office until the first Tuesday in April, 1926, or until their successors have been duly elected and qualified.

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA:

Section 1: That an election shall be held in the City of Mexia, Texas, on the 12th day of August, 1924, for the purpose of electing two additional members of the City Commission.

Section 2: That the polling place and presiding officers of said election shall be respectively as follows: The polling place shall be at the City Hall in the City of Mexia, Texas, and T. B. Chatham is hereby designated as presiding officer.

Section 3: That an election shall be held under the provisions of Section 4, Article XVII of the Charter of the City of Mexia, Texas.

Section 4: All persons desiring to become candidates for members of the City Commission shall file their names with the City Secretary of the City of Mexia, Texas, not later than the 8th day of August, 1924, at 5 o'clock p. m. and the names so filed shall be printed on said ballot as candidates to be voted upon at said election.

Section 5: A copy of this ordinance shall be sufficient notice of said election and ten (10) days notice of the time and place of holding said election shall be given by posting certified copies thereof at the place designated for holding said election, at least ten (10) days prior to the holding of said election, and by publication of said notice not less than ten (10) full days from day of the election.

election.

Section 6: The fact that the Charter of the City of Mexia provides that there shall be five (5) members of the City Commission and that there are now only three creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day, and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage, approval and publication.

Passed and approved this the 14th day of July, 1924.

Returns Of First Primary Are To Be Canvassed Aug. 11

One week from next Monday, Aug. 11, a meeting of the state democratic executive committee will be held in Dallas, notice of the place of meeting being contained in a letter from Frank C. Davis, state chairman, San Antonio. The meeting will be held at the Oriental hotel in Dallas, beginning at 10 a. m.

The gathering—a regular meeting of the committee—is for the prime purpose of canvassing the returns of the primary election, last Saturday, and to declare the two leading candidates in the contests for state office, where there were more than two entrants, and where no one received a majority. These will be the participants in the second or run-off primary, Aug. 23.

May Discuss R. R. Com. Nominee.

Any other business that may properly come before the committee will also be discussed, and this will likely include consideration of the selection of some one to make the race as the party's nominee for railroad commissioner, to succeed Dr. W. M. W. Splawn, nominated to succeed himself for the short term as railroad commissioner, but who has been elected president of the State university, and who has already resigned as railroad commissioner, to begin his work as head of the big state school of learning. Dr. Splawn, it is understood, will not decline the nomination as railroad commissioner until the state democratic nominating convention is held in Austin, beginning Sept. 2. The new state executive committee will be selected at that time, and that body will name the party's nominees for railroad commissioner.

WATCHING THE SCOREBOARD

Yesterday's hero—Two of them. Pratt of the Tigers drove in the tying run in the ninth and the winning one in the eleventh as Detroit beat the Athletics, 4 to 3. Art Nehf pitched the Giants to a 5 to 2 victory over the Cards and made two home runs himself in the process.

The Cubs came from behind and pounded Joe Oeschger, beating the Phillies, 4 to 3.

Babe Ruth hit his 32nd homer, tying his month's home run record of 13, which he made in June 1921. The Yankees beat the White Sox, 9 to 4.

Four runners punctuated the slaughter as the Reds mopped up the Dodgers, 12 to 3.

Pittsburgh took the final game of the series from Boston, 8 to 1, Kremer holding the Braves to 3 hits.

Shawe pitched effectively allowing Washington but six safeties and the Indians won 4 to 2.

Sisler's homer and his sacrifice drove in all the Brown's runs in a game in which Murray of the Red Sox, who allowed but three hits, was out pitched by Davis, who gave five. St. Louis 3, Boston 0.

FIGHTS AND FIGHTERS

BOSTON.—Johnny Wilson, former world's champion put the skids under Jock Malone, clever St. Paul battler when he knocked out Malone in the sixth round of a ten round bout. Malone protested that the blow was foul but was not sustained by the commission physician.

NEW YORK.—The battle ground for the long awaited bout in which Mickey Walker will defend his welterweight title against Benny Leonard, the lightweight king, has been changed from Jersey City to the Polo Grounds and the date from Aug. 8 to Aug. 21.

NEW YORK.—Jeff Smith won from Ray Neuman on a foul in the third round.

NEWTON, Mass.—Walter Hagen, British Open Golf champion, beat Jesse Guilford, Massachusetts "Seige Gun" 4 and 2 on the latter's home links.

NEW YORK.—Helen Wills, returning with members of the American Olympic team from Paris on Friday, will go to Scobright, N. J. and play exhibition matches in the tournament there.

YESTERDAY'S HOME RUNS

Walker, Reds, 2—4.
Nehf, Giants, 2—2.
Ruth, Yanks, 1—32.
Sisler, Browns, 1—0.
Wrightstone, Phils, 1—3.
Schang, Yanks, 1—3.
Barrett, White Sox, 1—1.
Parkinson, Phils, 1—1.
Mitchell, Dodgers 1—1.
Duncan, Reds, 1—2.
Barrett, Cubs, 1—2.

HOME RUN LEADERS

Ruth, Yankees, 32.
Fournier, Dodgers, 22.
Williams, Browns, 16.
Hartnett, Cubs, 15.
Hauser, Athletics, 15.
Kelley, Giants, 14.

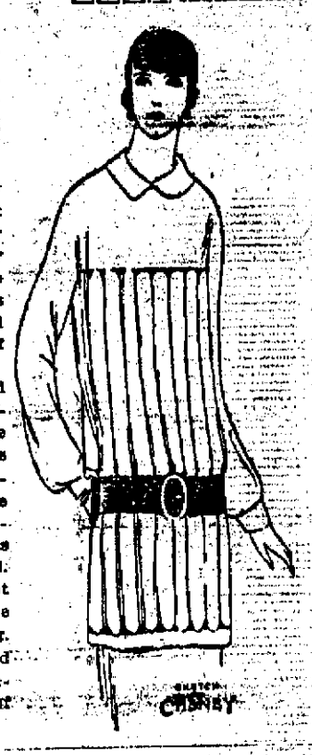
THIS IS THE BLOUSE A BELT BUILT



QUITE the newest fad in New York and Paris are very wide leather belts, which are worn with blouses, sport dresses, and sometimes with telling effect—even on afternoon frocks of filmy materials.

These delightful belts are usually an accessory after the fact, but here is a blouse which is literally built around its belt, for the very wide pleats are appliqued at the top and the bottom on two bands of red leather, to match the red leather belt, with its mother of pearl buckle.

This blouse, selected by Henri Creange, the Cheney fashion authority, as an example of what the smart Parisian is wearing, makes use of the favorite summer combination of white and red, but one can easily work out other harmonious combinations, for these belts come in all colorings, even in gold.

The blouse, moreover, does not depend alone for its charm on the originality of its leather trimming. Its demure smock collar, yoke and sleeves add the piquancy of contrast to the sophisticated chic of its pleats and belt.

U. S. SCHOOL BANK ARMY NOW NEAR 3,000,000 MARK

By S. W. STRAUS,
President American Society for Thrift.

ARE the children of America learning thrift?

The best answer to this question may be gained from a study of the school savings bank system of our country.

S. W. STRAUS

A recent survey of these institutions indicated that during the last school year the number of depositors in school banks was close to 3,000,000, with deposits in excess of $12,000,000 and balances in school banks of more than $16,000,000. These figures are only approximate, inasmuch as many school bank systems make no official reports, but they are of sufficient completeness to reveal the rapid growth taking place in this department of thrift education.

Generally speaking, the increase in depositors and deposits is at the rate of 25 per cent. Steady increases are found both in the percentage of depositors to pupils enrolled as well as in the average amount of individual deposits, thus showing that the practices of thrift among American school children are becoming more intensive. It is estimated that there are now between 7,000 and 8,000 school banks successfully operating throughout the country located in some 500 cities and towns.

While this gratifying progress is being made, the start in the development of our school savings banks has only begun. If all available children were enrolled in the school bank systems of the country the number of depositors would be in the neighborhood of 25,000,000 instead of 3,000,000, and the amount of deposits would be $100,000,000 instead of $12,000,000.

In the development of school banks one important fact should be kept constantly in mind—namely, that thrift does not consist entirely in saving money. While it is most commendable that everything possible be done to encourage youthful Americans to save money, they should, at the same time, be taught that true thrift means not only saving, but the rightful use of money, time and energy as well.

U. S. WORLD FLYERS REACH KIRKWALL THIS AFTERNOON

SPICK AND SPAN AVIATORS HOP OFF ON WAY HOME

LONDON, July 30.—The American round the world fliers arrived at Kirkwall at 4 this afternoon, according to a Central News dispatch.

BROUGH, Eng., July. 30.—The American world flight was resumed today, Lieut. Lowell Smith and his comrades taking off for Kirkwall in the Orkney Islands, 450 miles to the northward at 10:30 a. m.

Visibility was somewhat poor but the aviators expected to reach Kirkwall within six and one half hours, flying along the coast via Flamborough Head.

At dawn the three planes, spick and span, for the start of the last long tarns-Atlantic journey, were wheeled to the slip ways and launched on the river. They were supplied with oil and fuel and four hours latter were in the air, roaring northward.

A large crawd cheered the departure.

The weathere was calm, in contrast to the rain storms that have hampered the airmen in their final preparations during the past week.

Before leaving Lieut. Smith thanked the Blackburn company for the use of its airplane plant here and the assistance furnished by its staff. Moorings for the world planes were provided by the plant's employees.

Waiting for the flyers at Kirkwall is Major Howard C. Davidson, air attache of the American Embassy in London. He and Lieut. Smith will consult weather reports from Iceland and Greenland when the aviators arrive. The next "hop" will take the world planes to Iceland.

MEXIA ATTORNEY CLOSES OFFICE FOR LIEUT. GOVERNOR

Hon. Lee P. Pierson is expected to return to his home here within the next few days, after several weeks spent in Dallas where he managed and maintained headquarters for Lieutenant Governor T. W. Davidson in his race for governor.

In closing the office at Dallas, the Mexia attorney said:

"I desire to thank our many friends for their untiring efforts in our fight for the Democracy of Texas. We have fought a clean fight upon a dignified plane commensurate with the lofty office for which Gov. Davidson sought.

"I do not feel that we fought in vain, but fought for a worthy cause and the people of Texas will recognize the great service rendered to the State by the fight that was made for high and lofty ideals of government of law.

"It is still my idea that Gov. T. W. (Whit) Davidson would make Texas a great Governor, that he is a born statesman of the old Jim Hogg caliber and that his ability will eventually be recognized in Texas politics and I predict for him a future of service to the great people of Texas, the greatest State in the Union, for such men are needed and their services should be utilized.

"We have fought a good fight, I am not sorry we made the fight for I entered this campaign with the desire of being of service to my State without selfish motives which is a requisite of good citizenship.

DETROIT, July 30.—Rain this morning brought relief from the hottest spell of the season which reached its climax yesterday when the thermometer climbed to 90 degrees. In spite of the intense heat only one prostration was reported.

Abandoned Her Children to Death in Woods.

MRS. CHARLOTTE DANA

Mrs. Charlotte Dana, 23, is under arrest in Rochester, N. Y., after confessing that she abandoned her two children to death in the woods near Wolcott. The babies, a boy of three and a half and an infant, were in a serious condition when found and were taken to a hospital in Oswego. Mrs. Dana declared she left the children because she had been threatened by a man with whom she had eloped.

STANFORD AND SPIVEY CLOSE, JUSTICE RACE

Incomplete returns from 10 of the 12 counties comprising the Tenth judicial district given Barcus a clear lead over Randolph, and show that Spivey and Stanford are running neck and neck for the office of associate justice, Tenth court of civil appeals, with a thousand or so votes separating them. The totals so far registered place Stanford at 18,174 and Spivey, 16460.

All the counties in the district except Robertson and Leon have been heard from, although only one, Hamilton, has sent in a complete tabulation.

Evidence of the candidates' standing in the various counties of the district may be observed from the following report, the return being all incomplete except those of Hamilton county:

County—	Spivey	Stanford
Hill	2,883	2,991
Falls	2,850	555
Coryell	717	1,630
Hamilton	1,245	1,130
Bosque	12,00	1.200
Limestone	2,097	1,616
Freestone	1,241	877
Brazos	1,413	801
Madison	1,141	797
McLennan	2,873	6,577

Totals: Spivey 16,460; Stanford 18,174.

WELL KNOWN WRITER DIES IN LOUISIANA

SHREVEPORT, La., July 30.—Mrs. Afifa Karam John, 41, internationally renowned Syrian writer, is dead at her home here today, where she had lived for twenty years.

Mrs. John came to American when a young woman and devoted much time to investigating problems of Syrian women in America. Her fifteen volume "Syrian Women in America," resulted from these studies. She was editor and owner ofthe New World, and also wrote more than 1,000 serial novels published in Syrian publications throughout the world.

RETIRED MILLIONAIRE DIES IN DALLAS TODAY

DALLAS, Texas, July 30—Charles T. Rowan, 80, retired millionaire, died here this morning. He is survived by his widow, two daughters, married, and a son, Albert, now at Leavenworth serving a sentence in connection with the postoffice robbery in Dallas.

Rum Runners Are Sought Following Murder of Agents

WILMINGTON, N. C., July 30.—Posses of 150 men today searched for rum runners believed responsible for the murders of deputy United States Marshall Lilly and Leon George, prohibition agents.

The bodies of the two enforcement officers, riddled with bullets, were found in their automobile near Phoenix last night. Neither had fired his weapon and a dog belonging to George was found shot to death nearby.

Lilly and George had been active in combatting rumrunners and bootleggers along the southwest coast and authorities organized posses of deputies and civilians to search the country side in the belief they were killed while pursuing whiskey peddlers.

Blood Is Shed In Massachusetts Battle With Klan

NORTH LANCASTER, Mass., July 30.—One man was shot, nearly a score injured and several automobiles wrecked in a battle between 200 Klansmen and 500 anti-Klansmen during the night.

Edward Bird, said to be anti-Klansmen, is in a hospital possibly fatally wounded from a gunshot. Others were not seriously hurt.

A Klan meeting being held in a large field near the highway was breaking up when a crowd collected. Sticks, stones began to fly, and a gun was fired. It was this shot that wounded Bird.

Police were unable to quell the fighting and assistance was called from many near by towns.

STATE ATTEMPTS TO FORESTALL SCIENCE TESTIMONY IN CASE

CHICAGO, July 30.—States Attorney Crowe and his staff assistants made a vigorous effort today to prevent the admission of the long awaited "medical defense" of Nathan Leopold and Richard Loeb, confessed murderers of Robert Franks. There was a bitter fight between states attorneys and Clarence Darrow and other defense lawyers opened as soon as court convened, temporarily blocking the presentation of defense testimony. Dr. William White of Washington, D. C., was called to the stand as the first to testify for the defense. Crowe immediately interrupted the questioning and demanded that the court either exclude the medical testimony or impanel a jury to try the question of insantity.

BRAZOS COUNTY PRIMARY RETURNS

BRYAN, July 30.—In the election in Brazos County Saturday, the following were re-elected without opposition: H. O. Ferguson, county judge; C. F. Goen, tax assessor; D. J. McDonald, county superintendent; Oak McKenzie, county attorney; J. W. Barron, district clerk. The following will be in the run-off in the offices that were contested: Sheriff, Jess Conlee and Roy Hudspeth. Tax collector, Mrs. Jack T. Johnson and J. M. Ferguson. In the race for county clerk, A. S. McSwain was re-elected over Prof. J. L. Cobb by a safe majority.

SOW IS CHAMPION

DANIELSON, Conn., July 30.—A white Chester sow here is advanced as a champion in her class because she has raised 105 pigs and has turned two acres of stony land into productive property, all in a short time, for the sow is but six years old this Summer.

ROBERTSON LEADS IN NAVARRO ELECTIONS

Complete official returns of Navarro County indicate that in the elections of Saturday, Felix D. Robertson headed the nine way contest with a total of 2,235 votes. Mrs. Ferguson ran second with 1,772 and Lynch Davidson third with 1,646.

WARNING ISSUED TO CATTLEMEN TO PREVENT SPREAD

AUSTIN, Texas, July 30.—An out break of anthrax in southeast Texas is reported today by Dr. Cloud, state veterinarian. It is said to be growing serious and a warning was issued that every precaution be taken to prevent a further spread of the disease, which is taking a heavy toll of human and animal life in Arkansas, Tennessee and Mississippi. The affected areas in Texas include Orange, Hardin, Jefferson and Liberty counties. The spread is very rapid.

SCIENCE STARTS WORK TO FREE CULPRITS OF BLAME

CHICAGO, Ill., July 30.—Medical science today started the task of slackening the rope drawn about the necks of Richard Loeb and Nathan F. Leopold Jr., for the murder of Robert Franks, 14 year old school boy.

Clarence Darrow, chief defense counsel is staking the testimony of defense alienists against the approximately 100 witnesses produced by the state to contest what State's Attorney Crowe terms a "perfect hanging case" at the hearing before Chief Justice John R. Caverly.

Darrow will support his material testimony with the testimony of more than a score of lay witnesses, the plans calling for the appearance of the parents, brothers and friends of the boys and possibly the boys themselves.

Darrow and his alienists have decided to shun testimony showing the boys are totally insane. Proof of insanity would mean that the pleas of guilty as to murder are illegal, as no insane person can plead guilty. Darrow and his alienists will make an effort to prove the boys are not wholly responsible for the crime.

The first defense alienist scheduled to take the stand at this morning's session is Dr. William A. White of Washington, D. C. Dr. White has made an exhaustive study of the sex life of the two defendants and will trace its influence from early youth to the present time. Other defense alienists on the list are Dr. James W. Hall of Chicago; Dr. William Healy of Boston; Dr. William J. Hickson.

Crowe has served notice on the defense that any attempt to show the boys insane will be met by the state with a demand that a jury pass on their mental status. Crowe takes the position that if these boys are sane, they should hang; if they are insane, they should go to an asylum for the criminally insane. Crowe said that sentence to life imprisonment desired by the defense, would be "only a half way measure."

At a conference of state attorneys last night, it was decided to put no more witnesses on the stand and therefore the defense case is expected to open soon after court convenes.

Impeached Governor Delivers Address To Tulsa Throngs

TULSA, Oklahoma, July 30.—Jack Walton, impeached governor, invaded Tulsa, the stronghold of his arch enemy, the Ku Klux Klan, last night. Six thousand persons turned out to hear him at the McNulty ball park. His speech was mainly an arraignment of the Klan. One egg was hurled but missed its mark. An extra police detail maintained order

Sensational Rise In Wheat Market Reported In July

LONDON, July 30.—Sensational rises in the wheat market in the United States have been followed by equal increases in the price of wheat and flour in England.

Flour in English market has jumped ten shillings a sack since July 1 and a total of 17 shillings since May, causing apprehension throughout the country.

The standard four pound British loaf, already increased from the old eight penny price, will jump to ten pence next Monday.

To the English farmer wheat growing is profitable for the first time since the war but to the great majority of the population—the wage earners—the high price of bread means only added strain on the family budget.

Misrepresentation By Officials Brings About Their Suspens'n

KANSAS CITY, July 30.—George E. Marcy, Chicago, head of the Armour Grain company, was suspended for 60 days and W. B. Lincoln, local manager of the company was suspended for ten days by members of the board of trade here for alleged misrepresentation of warehouse receipts.

It was charged warehouse receipts were re-written calling for higher grades of wheat than those actually held in the elevator. The difference in value of the grain was estimated between $40,000 and $50,000.

Both officials were cited to appear before the directors of the board.

Lincoln declared the company did not knowingly violate any rules of the exchange.

642,278 BALLOTS COUNTED WITH ABOUT 50,000 YET OUT

DALLAS, Texas, July 30.—The Texas Election Bureau figures at 11:30 for governor were:

Ferguson, 132,292.
Lynch Davidson, 128,539.
Robertson, 178,999.
Total vote counted, 642,278.

DALLAS, Texas, July 30.—Little change was shown early today in the tabulation of 632,494 votes out of a possible 700,000 cast in Saturday's Democratic primary in the gubernatorial race.

Mrs. Miriam A. Ferguson, wife of the impeached Governor, continues to hold her lead of around 3,000 votes over Lynch Davidson, of Houston, for a place on the run-off primary next month. These two have see-sawed back and forth for second place since first returns trickled in, and it will require afull count of the ballots to determine the opponent for Judge Felix D. Robertson, Ku Klux Klan candidate who led the field of nine gubernatorial candidates, to enter the second primary.

Senator Morris Sheppard has been nominated for another six year term, holding a clear majority over two opponents, which is equivalent to election in Texas where the Democrats hold sway at the polls.

Judge Barry Miller, of Dallas and Will C. Edwards, Denton newspaper publisher have been nominated for places on the ballot in the run-off for lieutenant-governor.

HOUSTON PAPERS CONSOLIDATE UNDER NEW HEAD

HOUSTON, July 30.—Announcement of the consolidation of the Houston Post and Dispatch under the name of the Houston Post-Dispatch, appeared today. W. P. Hobby was elected president of the Houston Printing Company, succeeding Roy G. Watson. The amount involved in the stock transfer is $1,150,000.

SOME FOLKS ARE NATURAL "MURDEREES," HER THEORY

LONDON, July 30.—"There seems to be a race of human beings who lay themselves out to be murdered—they are, to coin a word, 'murderees'."

This strikingly original point of view is put forward by Miss Tennyson Jesse in a book she has just published on "Murder and Its Motives." She advances the theory that "when the laws of attraction and repulsion are more fully understood than they are at present it will be discovered that murderers and 'murderees' send out wave-lengths that correspond as do the wave-lengths of wireless between two stations."

Miss Jesse divides the motives for murder into six classes:

Murder for gain.
Murder for revenge.
Murder for elimination.
Murder from jealousy.
Murder from lust for killing.
Murder from conviction.

FERGUSON FIRST IN OIL FIELD BOXES

Mrs. Miriam Ferguson led the voting Saturday at Currie. She received 31 votes, while Felix Robertson ran second with 20 votes, and Lynch Davidson received 6. At Richland, Mrs. Ferguson was first with 63 votes, Lynch Davidson, second, with 48 votes and Felix Robertson, third, with 30. At Mildred, Mrs. Ferguson was first with 45 votes and Felix Robertson second with 39, while T. W. and Lynch Davidson tied with 14 votes for third place.

Dub Tournament Draws Big Crowd At Golf Course

"The Dub Tournament" at the Mexia Country club golf course Tuesday was the biggest drawing card yet known to the links, south of town about two miles on the Shiloh road.

The largest crowd that has yet met at the club grounds assembled to witness the contest in which nine teams participated.

With the eyes of the crowd focused on the same ball at the same time, the Dubs were seldom able to do them selves justice in making the first drive around the course. However, each improved steadily in making the round and some splendid scores were turned in.

In fact the showing made by several was little short of wonderful, considering the fact that the course has been completed only about two months and many participants had never played the game until it began to grow in popularity here.

The tournament started off on schedule time at 4 o'clock with 36 participants, divided into nine teams, with charming scorekeepers from the ladies present lending to the spectacular gathering.

Mayor Ernest Watson excelled all others, the score indicated, and he was accorded first place and the accompanying prize, making the course in 48.

Doyle Harris followed with 49, falling below the Mayor by one shot.

Gene Sinclair took a 47, with a three point handicap added, making a 50 for third place.

The first prize was a pair of Bostonian "Canny Grip" golf shoes awarded by Karner-Phillips.

The second prize was a choice of a $7.50 golf club or bag, given by Anderson and Horn.

The third prize, awarded by V. Wolverton, was one dozen U. S. Royal golf balls.

The winner of the matches are:

No. 1—Johnny Gantz, with a 53 (handicap 7) net 46.

No. 2—John Sweatt with a 56 (handicap 5) net 51.

No. 3—Estol Everett with a 55 (handicap 2) net 53.

No. 4—John Neece, 52.

No. 5—Doyle Harris, 49.

No. 6—Mayor Watson, 48.

No. 7—O. S. Caldwell, 51.

No. 8—John Sanders, 54.

No. 9—John Phillips, 54.

The scorekeepers were:

1—Mrs. J. W. Elliott, Miss Lelia Conrad.

2—Mrs. Val Horn, Mrs. W. M. White, Jr.

3—Mrs. Tevis Morrow.

4—Miss Teresa Ellis, Mrs. John Neece.

5—Mrs. B. D. Jackson, Beaumont.

6—Mrs. Ben Howard.

7—Miss Francis Bass, Mrs. Emil Nussbaum.

8—Mrs. E. T. Measles, Mrs. Phillips, Miss Jessie Earl Anderson.

9—Miss Shelly Harper.

The handicap players deserve special mention, as all that had shot below a 51 in former games were handicaped all under 51 that they had shot. The reason for this was that in the Dub match so that the players would be more evenly matched and make the contests keen.

Players shooting under these handicaps: Johnny Gantz, 7; C. E. Boberg, 5; W. B. Kendrick, 5; I. Y. Keys, 5; John Sweatt, 5; Willie Mac White, 5; Allen Hatch, 6; J. W. Elliott, 1; Blake Forrest, 2; Dr. McKinzie, 4; T. T. Morrow, 3; Val Horn, 2; Harry Forrest, 1; Estol Everett, 2; Gene Sinclair, 3.

Indian Bananas This . . . Author's Specialty

WILLIAM MacHarg, author of novels, and well known magazine and photoplay writer, has turned his attention for a moment to the common or garden banana, which he feels has been neglected by culinary artists. Mr. MacHarg has evolved this Indian Banana recipe, which is so simple that it is quite possible of achievement by even the most inexpert male—or female, and so full of pep, not to say pepper, that it is guaranteed to improve the morale of any gathering.

2 tablespoonfuls Crisco
½ teaspoonful Salt
8 Bananas
1 teaspoonful Chopped Pickles
A few grains red pepper or 1 dessertspoonful chopped chilies.

Slice the bananas, mix with salt, chopped pickles and red pepper or chopped chilies, and put them in hot Crisco. Cook for four minutes and serve.

Below, JOHN F. NEILAN & J. P. MORGAN

Before sailing for a vacation in Europe, J. P. Morgan denied that American bankers are attempting to dictate to the Allies regarding the application of the Dawes plan for securing reparations from Germany. Mayor John F. Hylan, of New York City, has announced his candidacy for Governor of New York, if the people "demand" that he run. Asa G. Candler, multi-millionaire coca cola king of Atlanta, Ga., who is suing his second wife for divorce, is said to have settled $60,000 on her in lieu of alimony, and she is reported to have agreed not to fight his divorce suit, in which he charges cruelty. In deference to the wishes of her husband, Dr. John D. Stewart, of New York, Olga Petrova, motion picture actress, who has just returned from a tour of Europe, has refused to have her hair bobbed.

DEMONSTRATION TO MARK CLOSE OF BIBLE SCHOOL

The closing demonstration of the Daily Vacation Bible School will be held Friday Evening at the Central Presbyterian church, at 8:15 p. m. At that time an opportunity will be be afforded for parents and friends to see just what one of these schools is like. The program itself will follow as nearly as possible a regular school day. Songs, drills, a pageant, stories, dramatization Bible work, and exhibition of sewing and craft work will be given.

Report cards will be given showing credit for the work done during the school. A picnic will be held for the girls and primary children who have been faithful in attendance, at the Hughes Park Saturday afternoon. An over night hike will be given the boys Monday.

Rev. Aubrey, superintendent of the school states that the children have done splendid work for the first year. The Daily Vacation Bible school is something new for Mexia and the children entered the school without understanding just what it was. But they have done splendid work under the faithful guidance of the teachers. Next year it is the desire to have a much larger and better school beginning immediately following the closing of the public school.

YOU HATE TO LOOK AT A PIMPLY FACE

There is perhaps nothing more distressing to people who are bothered with them, and surely nothing as displeasing to others who see them, as pimples, blotches, bumps, rash, scrofula, eczema, "breaking out" and similar skin disfigurers.

But now that Black and White Ointment, and Soap, are proving to be so dependable in quickly getting rid of these diseases of the skin, it seems foolish for people to neglect using them and making themselves attractive to others instead of being slighted all the time.

All dealers have Black and White Ointment, and Soap, in the convenient, low-priced, liberal packages. The 50c size Ointment contains three times as much as the liberal 25c size. —(Adv.)

FAMOUS FRENCH RECIPES

PARIS, July 30.—A well-known French chef has just published a new recipe for mayonnaise dressing that is much superior to the one he has been using for ten or fifteen years.

It is exceedingly simple to make, the main point, he says, being not to salt the yolks of the eggs at the beginning of the operation.

For eight persons put the yolks of three eggs into a bowl and pour in the oil, beating vigorously in order to mix well. If the sauce begins to thicken thin it with a little wine vinegar or lemon juice and recommence with the oil until three gills have been used.

Season with salt and pepper, and if it is still too thick add a drop of water if enough vinegar has been used.

This recipe is so simple it is sure to succeed if the oil is of good quality.

Everybody Welcome

And Why Shouldn't They Want a Home?

DALLAS, Texas, July 30.—Young married couples are the best prospects for real estate salesmen, the salesmen say. Newly weds usually arrange payments on a house before they have been married a year, according to one veteran "realtor." But it is a rare occurence to sell a house for cash, he says. Most buyers must have a considerable length of time in which to make the payments.

People rarely invest in their own homes after the age of forty, he says. It's the young people who buy, and they are willing to make almost any kind of a sacrifice to keep up the payments on the covented house and lot.

One man invested in three lots because he said he would spend the money drinking and gambling if he didn't have it tied up.

Northern people demand concrete basements and furnaces, this oldtimer declares. "And everybody wantsa fence, a fireplace, a garage, and a cement walk."

THE FRENCH BUDGET

In the farming of the French budget unconscious self-deception will no longer be possible. The idea of contingent recepits from Germany must be replaced by a definite program which no prudent Winance Minister could transcend. The credit of France in relation to overchanging obligations can be placed on a definite basis. The recently evince disposition of the French to tax themselves adequately (in practice as distinct from theory,) though it is a resolution that has evaporated somewhat with the passing away of a panic-stricken or pride-touched feeling which arose through the slump in the franc, will be put to the true test of events, and we shall see whether the French are in earnest in the taxation problem. We may be in a position to see what is the real long-run value of the franc, which at present is not determinable. Certain it is that at last the French provincial peasant is awake to the fact that the franc is no longer a franc in the sense to which he has been pathetically clinging, and that a very considerable part of his past savings has actually gone and has been devoted to avoiding that unemployment which besets other standing army than others can offord.

THE STATE OF TEXAS

To the Sheriff of any Constable of Limestone County,—Greeting:

You are hereby commanded to summon Wm. R. Ray by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to be and appear at the next regular term of the District Court, 77th Judicial District, of Limestone County, Texas, to be holden at the Courthouse thereof, in Groesbeck, Texas, on the first Monday in September, A. D., 1924, the same being the first day of said month, then and there to answer a petition filed in said court on the 29th day of July, A. D. 1924, in a suit numbered on the docket of said court No. 4695A, wherein Mrs. Wm. R. Ray is plaintiff and Wm. R. Ray is defendant, and said petition alleging: That plaintiff is and has been for a period of twelve months prior to the institution of this suit an actual bona fide inhabitant of the State of Texas, and has resided in Limestone County, Texas, for at least six months next preceding the filing of this suit; that plaintiff and defendant were married on October 24th, 1923, and lived together as husband and wife until about December 1, 1923, when plaintiff was forced and compelled to leave defendant by reason of defendant's cruel and harsh treatment and inmproper conduct towards plaintiff; that during the time plaintiff and defendant lived together plaintiff was an ever dutiful and affectionate wife, but defendant, unmindful of his marital vows, and within three days after their marriage, began a course of unkind, harsh, cruel, and tyrannical treatment of plaintiff; that defendant stayed drunk practically all the time and constantly abused plaintiff; that on many occasions said defendant cursed and abused plaintiff and applied to her the vilest and most opprobious epithets, without any cause or provocation on plaintiff's part; that defendant often beat and hit plaintiff, twisted her arm, shook her severly, and struck her with his fist; that defendant's actions and conduct towards plaintiff are of such a nature as to render their further living together as husband and wife insupportable. Plaintiff prays that defendant be cited by publication and alleges that his residence is unknown to plaintiff; plaintiff prays for a divorce from defendant and that their marriage be dissolved; that her maiden name be restored and for costs of suit and for such other and further relief, special and general, in law and in equity as in the premises she may be justly entitled.

Herein fail not, and have before said court at its aforesaid next regular term, this Writ with your return thereon, showing how you have executed the same.

Given under my official hand and seal of said Court, at my office in Groesbeck, Texas, this 29th day of July, A. D. 1924.

CENSUS WORTH COST.

Every ten years our government spends millions of dollars to take a census of the people and what they are doing. It is a costly undertaking, but it is worth more than it costs, writes "Electric Trade."

Important conclusions are gleaned from the figures gathered because the data is accurate and scientific. These facts become a basis for remedial legislation and for various movements for the uplift of the nation and the race.

Seven-eighths of all the money left by married men in America for their dependents is derived from life insurance.

Eighty-two per cent of the value of the combustible property is insured against fire, but only—

Seven per cent of the economic value of human life is covered by insurance.

Ninety per cent of the men engaged in active business fail to reach old age with a competence.

Nineteen out of every twenty persons fail to provide for their old age or for their families.

With the result that—

Eight million women are forced to earn a living.

Thirty five per cent of the widows are in want.

Ninety per cent of American widowhood lacks life's common comforts.

Eighty-two per cent of the children of the country are forced to leave school before completing the eighth grade to aid in making a living for the family.

A DIFFERENT SITUATION.

The Democratic party of Texas, as well as of the states of the American Uunion, are face to face this campaign with a different situation than that which they confronted in 1920. That year, the Republican party held its convention prior to that of the Democrats in San Francisco. The Republicans failed to say anything on the prohibition question in their platform and the Democrats thought it unwise, in view of this attitude, to inject the prohibition issue in the campaign, This year the Republicans again met first. The prohibition question has been raised ever since they met. The question has been submitted directly to the people of all the States, whether one would have it that way or not. The Republicans, in the convention at Cleveland a few weeks ago, added a plank to their platform in favor of law enforcement, of the prohibition law as well as all other laws. In view of this act, it behooves the State Democratic Party of Texas, in their State Convention to be held in Austin to take a stand at least as firmly on the Constitution on this point as the Republicans boast of. Silence upon the part of the Democrats now would bring the liquor question into the campaign and put the Democrats of the State on the wet side. The Republican plank may be regarded as the minimum; the Democrats dare not fall below that. At Groesbeck next Saturday, the issue should be met squarely and acted on as Dry Progressive Democrats should act prior to a most important State convention in a presidential election year.

A STEP FORWARD

The paved street leading to the Mexia cemetery will be open to the public within a few days. It will be found to be a vast improvement over the rough road heretofore used and now that this step in the right direction has been made, it would not be amiss to do a little work on the cemetery itself. The cemetery is growing rapidly and it will not be long until all lots are sold. In the meantime preparations should be made for its expansion and upkeep, in a better way even than heretofore. The cemetery should have a distinguishing name other than merely the Mexia cemetery. Since the beginning of the world, it has been the recognized duty of man to reverence the dead, to give appropriate expression to his sincere affection and fidelity, by providing a suitable resting place for them, according to the custom of the times. It is a comforting thought, as far as consolation is possible, to know that one has done all he can to make the last abode of those who have gone before beautiful and soothing to the eye of the living who come to reverence their memory. Just as nations honor their illustrious dead by providing an enduring monument so that their names may be perpetuated for all time, it is now possible and becoming of a good people to do as much for your own beloved dead and at very little cost to anyone.

HOW OLD IS ANN?

DALLAS, Texas, July 30—Christine Gray, 11 years old, has the distinction of being a great aunt.

She has a two weeks old great nephew, the son of Mr. and Mrs. Walbaum of Dallas. Mrs. Walbaum, who is twenty years old, is Christine's niece by virtue of being the daughter of Christine's elder sister, Mrs. J. W. Phillips of Texarkana.

The baby's great grandmother is Mrs. Tom Gray, 57, who has reared eight children and has 22 grand children.

Nearly Half Students Work Their Way Thru

AUSTIN, Texas, July 30.—Forty-six per cent of the students of the University of Texas were either partially or entirely self-supporting last year, and just as many expect to work their way through next year, judging from the deluge of letters asking for work now being received by the University YMCA. Statistics recently compiled by authorities show that 113 permanent jobs were secured through that office last year, earning for the boys employed $15,029.40. In addition there were 680 jobs secured for 794 boys, earning for them $3,587.30. These figures represent only a part of the work done by students, however, for after the first year most boys are able to secure work for themselves and in many cases have their places for the next fall before they gohome in the spring. Many girls secure work through the YWCA and through their own initiative.

Twenty-two per cent of the 46 working last year were partially self-supporting, and 24 per cent were entirely self-supporting. Some even assisted members of their families in school or sent money home. In spite of the encouraging number of students working their way through school, new students are not advised to come to the University without at least $200 to enter school. It is thought that they should have that much to pay their first month's room and board, to buy books and to pay matriculation fees, until they are able to get started to work. It is often advisable for students to get well established in their University courses before they attempt to do outside work

'49ER SEEKS RICH MINE HE SPURNED IN YOUTH

SANTA MARIA, July 29.—Said to be the oldest known prospector John Lancaster, ninety, an original "49er" is today searching for the El Dorado, traces of which he accidentally found twenty five years ago in the Big Pine county, and which because of his then youthful wanderlust, he did not take the trouble to discover.

Today, with a golden sample of the quartz, experts claim, assays hundreds of dollars to the ton, Lancaster is hiking, with three burros, across the San Rafael Mountains in search of his fortune.

Some 400,000 persons live crowded together in boats on the Pearl river at Canton, China.

"Because" is Eve's legacy to her daughters as an excuse for the inexcusable.

FEVERISH? FEEL A CHILL COMING ON? ACT AT ONCE!

Don't Let Malaria Get a Grip On You. Prompt Treatment Will Save Much Suffering. Take Wintersmith's Chill Tonic At First Sign.

No matter how long you have been having Chills or how prone your system is to them, you can get prompt relief and drive Malaria out of your system.

At the first sign of Chill or Fever, get a bottle of Wintersmith's Chill Tonic and follow directions plainly printed on the label. After two or three doses the Chills have usually passed. In a day or so, by taking Wintersmith's Chill Tonic at once, you may stop a long spell of Fever and avoid the suffering and run-down condition caused by Malaria. In cases of long standing Wintersmith's Chill Tonic is unusually effective in breaking up such cases where other remedies fail.

Wintersmith's Chill Tonic kills the malaria germ and prevents infection. Safe for any member of the family, young or old. It is a fine, harmless general tonic, for use after any wasting illness, when the impoverished blood needs to be enriched and strength builded up; to be taken only when needed and left off, without any bad results, when its work is done. Prepared under the same formula for 56 years. Quality and purity guaranteed. All drug stores. Popular size 60c; mammoth size, $1. Wintersmith Chemical Co., Inc. Louisville, Kentucky.

To the People of Mexia and Surrounding Country:

I am using this method of thanking each and every one for the excellent vote given me last Saturday. During the time I have been in the County Clerk's Office I have given, as near as possible, my own personal attention to all items coming to the office and I believe that my work has been reasonably satisfactory and I believe that you agree with me.

For the last two weeks I have had to neglect my office to a certain extent but from now on I can give my own time to my duties and I will be glad to serve you in the future, more efficiently if possible than I have in the past. It is a real pleasure to be your County Clerk and I invite you at all times to confer with me about matters in which I can be of assistance.

Again thanking you and assuring you that words cannot express my feelings, I am

Very truly yours,

J. L. DAY
County Clerk.

Judge Kirby Thanks Friends

I feel indeed grateful to my loyal friends who gave me such warm support at the polls last Saturday all of which I am thankful, having conducted my campaign upon a high level, not stooping to cast mud on any of my opponents nor have either of them, so far as I am able to learn, cast any on me and while this statement is true, the opposition to me supporting one of my opponents have sought to not only cast mud at me, but have sought to cast reflection upon my good name, and I here and now ask my friends to refrain from adopting the tacticts of the enemy but rally to my platform and principles for which I stand, and leave all bickerings and hateful methods to those who can only conduct their campaigns by such methods.

Your Friend,

FOUNTAIN KIRBY.

Hot Air Is Much Cheaper Than That

DALLAS, Texas, July 30.—Air cooling machinery recently installed in a local theatre looks simple, but it isn't, according to the manager.

First it takes the air from the sidewalk level, directly above the basement.

Then it washes the air and cools it to a temperature of 57.

Then it whirls the air to the top of the theatre, where the cool air pours down over the audience, escaping into the basement and out into the street.

The cost of the installation averages $27 for each seat.

U. S. BUSINESS EAGER TO SELL GOODS ABROAD.

WASHINGTON, July 30.—The growing interest of American business men in export trade is reflected in the fact that during July the Department of Commerce received more than 125,000 inquires regarding foreign trade openings.

Business men, both those of the inland cities and others of the Pacific, Atlantic and Gulf coast, indicated their desire to find an outlet for their goods abroad.

In 1921, when the first records of commercial inquiries were kept, about 30,000 letters were received by the department. The figure grew rapidly, having reached a maximum of 131,100 inquiries in May of this year.

Officials said that they expected the indicator of inquiries to start up again within a few months.

COPS ARE BLAMED FOR TYING UP THE TRAFFIC

ALBUQUERQUE, July 30.—The credit for local traffic tie-ups in many instances goes to the traffic cops on the police force, according to Commissioner D. H. Briggs.

Albuquerque's traffic officers stand on the corner and gesture. Motorists are unable to solve the directions. Traffic tangles result, Briggs stated at a recent commission meeting.

The walls of the new Houx building adjoining the Majestic hotel on the north, are now going up, and work on this extension of the business district will be pushed as rapidly as possible.

FEELS IT HIS DUTY TO TELL THE FACTS

"Tanlac has meant so much to me in the way of improved health that I feel it a duty, as well as a pleasure, to recommend it." is the appreciative statement of J. M. Freeman, well know resident of 307 Camden St., San Antonio, Texas.

"About a year ago my stomach and digestion got all out of fix and I soon became badly run-down. My appetite went back on me and the little I did eat failed to nourish me. Constipation troubled me nearly all the time and I also had bilious spells and attacks of dizziness.

"My sleep was unsound and I got up mornings with a mean, sickening taste in my mouth and a dull headache that lasted me almost thru the day. I lost considerable weight and that tired, draggy feeling was on me all the time.

"After a few days use of Tanlac I noticed a marked improvement in my appetite, digestion and general condition. So I took four bottles and by that time I was eating as heartily as I ever did and digesting everything fine.

"My liver went to work right, my headaches stopped and I was able to sleep like a log. I had gone down to only 143 pounds, but I am now a strong man of 215 pounds, and my health is the best it has been in years. A friend of mine took four bottles of Tanlac at the same time I did and got fine results, too. As a builder of health and strength Tanlac is certainly without an equal."

Tanlac is for sale by all good druggists. Accept No Substitutes. Over 40 million bottles sold.

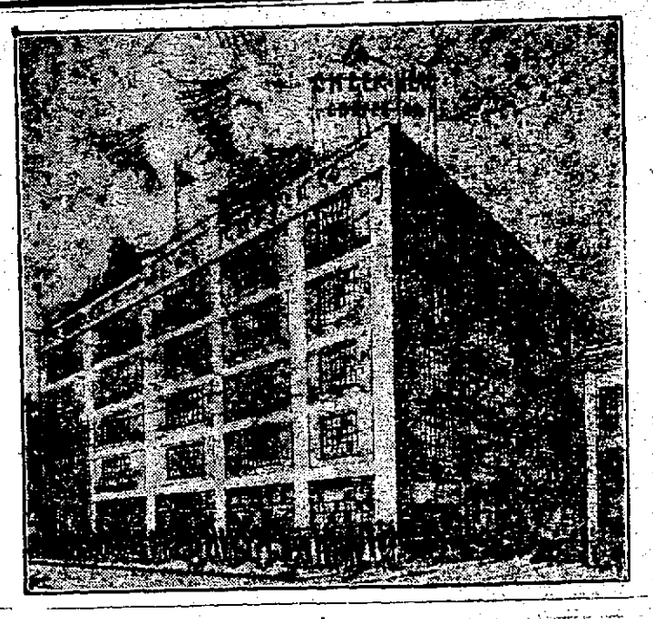
CHEAK NEAL HAS EXPERIENCED MARVELOUS GROWTH



Another new Maxwell House Coffee plant—the sixth—is now in course of construction in Los Angeles, Cal., and will be ready for occupancy about the first of the year. This step, which is in line with the Cheek-Neal Company's general progressive policy of locating plants at strategic centers as distribution is developed, is the latest and most spectacular of the many forward strides taken by this company within the past few years.

Starting with the original plant at Nashville, Tenn., only a comparatively few years ago, the Cheek-Neal Company now in addition has already established most modern and up-to-date coffee roasting and packing plants at Houston, Texas, Jacksonville, Fla., Richmond, Va., and New York City. The completion of the Los Angeles plant will give the company a cross-country chain of establishments that is without parallel in the coffee business in this country.

Mr. James H. Cheek, one of the sons of Mr. Joel O. Cheek, founder of the business and still its active directing head, who has been in charge of the Richmond plant since its establishment, will go to Los Angeles and be in personal charge there.

The new plant is located at the corner of Fourth and Mateo streets, on the Southern Pacific Railroad and adjacent to large terminals. Its location provides the very best possible shipping facilities. The structure is to measure 105 feet by 105 feet, to be five stories in height and built of concrete, steel and brick. From every standpoint it is to be the very last word in coffee plants. All that has been found good from experience at the older plants will be adopted as will also whatever other later devices that may prove to be of advantage.

At the start there will be roasting and packing equipment sufficient to take care of orders amounting to 25,000 pounds of Maxwell House Coffee a day, and also complete equipment for cleaning and packing tea. Ample provision is being made in the construction to double the capacity of the plant at any time it is needed.

The decision to invade the Far West was made several months ago following the continually increasing inquiries from Pacific Coast jobbers and dealers about Maxwell House products. During recent months these became so urgent that it was felt impossible longer to neglect the fact of a great and growing demand in the rich territory of the Pacific Slope. After a personal study of conditions there, made by Mr. Joel O. Cheek, Mr. J.W. Neal, Mr. L. T. Cheek and Mr. J. H. Cheek, the determination was reached to go ahead and the contract for building was let and all arrangements made to push construction with all possible dispatch while they were yet on the coast.

The Cheek-Neal Coffee Company has long been a firm believer in and consistent user of advertising. They regularly use many of the leading national magazines, hundreds of newspapers, billboard, car cards and many other forms of publicity. Their slogan, "Good to the Last Drop" has become one of the best known advertising slogans in the country.

New Electric Line To Be Built Soon

HOUSTON, Texas, July 30.—All obstacles have finally been cleared away, and work is to begin soon on the Houston-Beaumont Electric line according to officials of the company. All of the $5,000,000 bond issue was taken by the S. P. Thayer and Son company, an investment company of Washington, D. C., and Pittsburgh. The J. D. Davis Co. of Atlanta, Ga., has made a $50,000 bond under its contract for building the road, which is to be completed in fifteen months, dated to begin July 20. The line is first to be completed to Orange, and then probably extended to Lake Charles, La., according to plans of Ed Kennedy, promoter and general manager of the road.

82 miles of the right of way to Beaumont has been acquired, and only a few short stretches remain to be secured, Kennedy said.

The company also owns title to six townsites along the right of way. The project has been planned for months, but one obstacle after another intervened to delay the work of financing.

Now, Kennedy said, things are in shape to get down to real construction work in a hurry.

BLOOD-POISONING CURE DYES FACE OF PATIENT

SAN FRANCISCO, July 30.—If you see a person walking down the street with a black, tan, purple, or some other unusual facial color, he isn't trying to break into the movies, according to Dr. C. C. Berwick.

It's a plain dye now beginning to be used generally by physicians as a cure for blood-poisoning, for which until a few months ago, the medical profession had no definite cure.

Coal tar dyes form the basis of the treatment, which came to the Pacific Coast following successful experiments at John Hopkins University, Baltimore, Md.

The dyes are injected into the blood killing the germs and coloring the patient's features at the same time.

Cheese Matches.

PARIS, July 30.—"Cheese matches" are for five o'clock tea time.

Mix one half a pound of flour with one half a glass of water until it makes a thin paste. Powder a marble slab with flour and spread out the paste without breaking it.

Cream a large cupful of butter and spread it on the crust. Fold up in a little paquet and let stand for twenty minutes. Work twice and let stand another ten minutes. Work again and let stand, and so on for seven times. Spread out the paste very thin and cut into small strips.

With one spoonful of flour, a large piece of butter, a little milk and one-eighth pound of grated cheese make a good Bechamel sauce. Spread between two strips of the crust and bake in a large pan in a moderate oven.

The oldest bottle of wine in the world, as far as authenticated records can settle this question, is in the possession of a London wine expert. It is a bottle of Bayarian hock, which bears on its label the date 1540.

AN ORDINANCE

AN ORDINANCE ordering an election in the City of Mexia, Texas, to be held on the 12 day of August 1924, for the purpose of electing two persons to serve as members of the City Commission up to the first Tuesday in April, 1926, as provided by the Charter of the City of Mexia; designating the place at which said election is to be held and appointing presiding officers thereof, and declaring an emergency.

WHEREAS, on the 7th day of July, 1924, there was submitted to the qualified voters of the said City of Mexia at an election, the Charter that was prepared and submitted by the Charter Commission which was elected on the 21st day of March, 1924, and at such election a majority of the qualified voters voting at said election voted in favor of the adoption of the Charter so submitted and,

WHEREAS, said election was duly and legally held on the 7th day of July, 1924, and said results of said election duly certified and recorded by the presiding election officers; and

WHEREAS, on the 10th day of July, 1924, the City Commission considered the returns and canvassed the same, and found that there was cast at said election 479 votes for the adoption of the Charter and 341 votes against the adoption of the Charter; and the Commission thereupon by resolution duly entered declared that the Charter so submitted was adopted by majority vote of the qualified voters of said City voting at said election; and

WHEREAS, the Charter adopted provided that there should be elected two additional members of the City Commission to hold office until the first Tuesday in April, 1926, or until their successors have been duly elected and qualified.

THEREFORE, BE IT ORDAINED BY THE CITY COMMISSION OF THE CITY OF MEXIA:

Section 1: That an election shall be held in the City of Mexia, Texas, on the 12th day of August, 1924, for the purpose of electing two additional members of the City Commission.

Section 2: That the polling place and presiding officers of said election shall be respectively as follows: The polling place shall be at the City Hall in the City of Mexia, Texas, and T. B. Chatham is hereby designated as presiding officer.

Section 3: That an election shall be held under the provisions of Section 4, Article XVII of the Charter of the City of Mexia, Texas.

Section 4: All persons desiring to become candidates for members of the City Commission shall file their names with the City Secretary of the City of Mexia, Texas, not later than the 8th day of August, 1924, at 5 o'clock p. m. and the names so filed shall be printed on said ballot as candidates to be voted upon at said election.

Section 5: A copy of this ordinance shall be sufficient notice of said election and ten (10) days notice of the time and place of holding said election shall be given by posting certified copies thereof at the place designated for holding said election, at least ten (10) days prior to the holding of said election, and by publication of said notice not less than ten (10) full days from day of the election.

election.

Section 6: The fact that the Charter of the City of Mexia provides that there shall be five (5) members of the City Commission and that there are now only three creates an emergency and an imperative public necessity for the suspension of the rules requiring ordinances to be read upon more than one day, and for the immediate taking effect of this ordinance, and such rules are hereby suspended, and it is ordained that this ordinance shall take effect immediately upon its passage, approval and publication.

Passed and approved this the 14th day of July, 1924.

E. WATSON, Mayor.

Returns Of First Primary Are To Be Canvassed Aug. 11

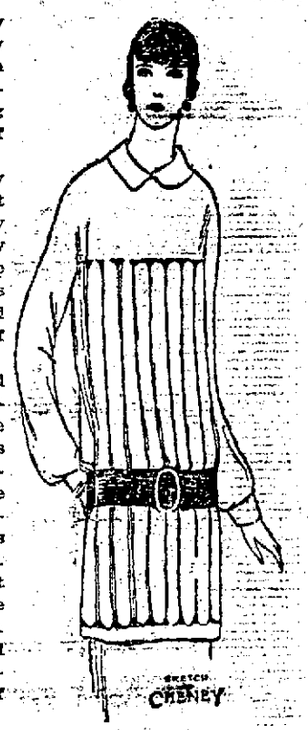
One week from next Monday, Aug. 11, a meeting of the state democratic executive committee will be held in Dallas, notice of the place of meeting being contained in a letter from Frank C. Davis, state chairman, San Antonio. The meeting will be held at the Oriental hotel in Dallas, beginning at 10 a. m.

The gathering—a regular meeting of the committee—is for the prime purpose of canvassing the returns of the primary election, last Saturday, and to declare the two leading candidates in the contests for state office, where there were more than two entrants, and where no one received a majority. These will be the participants in the second or run-off primary, Aug. 23.

May Discuss R. R. Com. Nominee.

Any other business that may properly come before the committee will also be discussed, and this will likely include consideration of the selection of some one to make the race as the party's nominee for railroad commissioner, to succeed Dr. W. M. W. Splawn, nominted to succeed himself for the short term as railroad commissioner, but who has been elected president of the State university, and who has already resigned as railroad commissioner, to begin his work as head of the big state school of learning. Dr. Splawn, it is understood, will not decline the nomination as railroad commissioner until the state democratic nominating convention is held in Austin, beginning Sept. 2. The new state executive committee will be selected at that time, and that body will name the party's nominee for railroad commissioner.

THIS IS THE BLOUSE A BELT BUILT



QUITE the newest fad in New York and Paris are very wide leather belts, which are worn with blouses, sport dresses, and sometimes—with telling effect—even on afternoon frocks of filmy materials.

These delightful belts are usually an accessory after the fact, but here is a blouse which is literally built around its belt, for the very wide pleats are appliqued at the top and the bottom on two bands of red leather, to match the red leather belt, with its mother of pearl buckle.

This blouse, selected by Henri Creange, the Cheney fashion authority, as an example of what the smart Parisian is wearing, makes use of the favorite summer combination of white and red, but one can easily work out other harmonious combinations, for these belts come in all colorings, even in gold.

The blouse, moreover, does not depend alone for its charm on the originality of its leather trimming. Its demure smock collar, yoke and sleeves add the piquancy of contrast to the sophisticated chic of its pleats and belt.

WATCHING THE SCOREBOARD

Yesterday's hero—Two of them. Pratt of the Tigers drove in the tying run in the ninth and the winning one in the eleventh as Detroit beat the Athletics, 4 to 3. Art Nehf pitched the Giants to a 5 to 2 victory over the Cards and made two home runs himself in the process.

The Cubs came from behind and pounded Joe Oeschger, beating the Phillies, 4 to 3.

Babe Ruth hit his 32nd homer, tying his month's home run record of 13, which he made in June 1921. The Yankees beat the White Sox, 9 to 4.

Four romers punctuated the slaughter as the Reds mopped up the Dodgers, 12 to 2.

Pittsburgh took the final game of the series from Boston, 8 to 1, Kremer holding the Braves to 3 hits.

Shaute pitched effectively allowing Washington but six safeties and the Indians won 4 to 2.

Sisler's homer and his sacrifice drove in all the Brown's runs in a game in which Murray of the Red Sox, who allowed but three hits, was out pitched by Davis, who gave five. St. Louis 3, Boston 0.

FIGHTS AND FIGHTERS

BOSTON.—Johnny Wilson, former world's champion put the skids under Jock Malone, clever St. Paul battler when he knocked out Malone in the sixth round of a ten round bout. Malone protested that the blow was foul but was not sustained by the commission physician.

NEW YORK.—The battle ground for the long awaited bout in which Mickey Walker will defend his welterweight title against Benny Leonard, the lightweight king, has been changed from Jersey City to the Polo Grounds and the date from Aug. 8 to Aug. 21.

NEW YORK.—Jeff Smith won from Ray Neuman on a foul in the third round.

NEWTON, Mass.—Walter Hagen, British Open Golf champion, beat Jesse Guilford, Massachusetts "Seige Gun" 4 and 2 on the latter's home links.

NEW YORK.—Helen Wills, returning with members of the American Olympic team from Paris on Friday, will go to Seabright, N. J. and play exhibition matches in the tournament there.

YESTERDAY'S HOME RUNS

Walker, Reds, 2—4.
Nehf, Giants, 2—2.
Ruth, Yanks, 1—32.
Sisler, Browns, 1—9.
Wrightstone, Phils, 1—3.
Schang, Yanks, 1—3.
Barrett, White Sox, 1—1.
Parkinson, Phils, 1—1.
Mitchell, Dodgers 1—1.

U. S. SCHOOL BANK ARMY NOW NEAR 3,000,000 MARK

By S. W. STRAUS,
President American Society for Thrift.

ARE the children of America learning thrift?

The best answer to this question may be gained from a study of the school savings bank system of our country.

S. W. STRAUS

A recent survey of these institutions indicated that during the last school year the number of depositors in school banks was close to 3,000,000, with deposits in excess of $12,000,000 and balances in school banks of more than $15,000,000. These figures are only approximate, inasmuch as many school bank systems make no official reports, but they are of sufficient completeness to reveal the rapid growth taking place in this department of thrift education.

Generally speaking, the increase in depositors and deposits is at the rate of 25 per cent. Steady increases are found both in the percentage of depositors to pupils enrolled as well as in the average amount of individual deposits, thus showing that the practices of thrift among American school children are becoming more intensive. It is estimated that there are now between 7,000 and 8,000 school banks successfully operating throughout the country located in some 500 cities and towns.

While this gratifying progress is being made, the start in the development of our school savings banks has only begun. If all available children were enrolled in the school bank systems of the country the number of depositors would be in the neighborhood of 25,000,000 instead of 3,000,000, and the amount of deposits would be $100,000,000 instead of $12,000,000.

In the development of school banks one important fact should be kept constantly in mind—namely, that thrift does not consist entirely in saving money. While it is most commendable that everything possible be done to encourage youthful Americans to save money, they should, at the same time, be taught that true thrift means not only saving, but the rightful use of money, time and energy as well.
